Canim Lake Band FSRP WUFN.

Under the direction of the Chief and Council, and in concert with the Natural Resources Advisory Group, the Canim Lake Band has created a new FSRP landuse planning theme, WUFN-Wild Unmanaged Forest Network.

The WUFN is a no-harvest zone. The WUFN protects contemporary and historical culturally important aboriginal resources and values. These include but are not limited to; biodiversity, fisheries, wild medicinal and food plants, game, other non-timber forest products, archaeological and spiritual sites.

The Canim Lake Band asserts that the WUFN is necessary to meet FPPR Objectives 7, 8, 9 and 10.

The Canim Lake Band is open to a forest retention reconciliation process with the provincial Crown for Snine Forest.

Yours truly,

Chief Michael Archie
Canim Lake Band
